July 2011

The following is a description of the residence hall complex at CMCC. We encourage all incoming students and their families to tour the campus and explore each housing option.

Rancourt Hall:

Rancourt hall opened in the fall of 2007 and all the newest amenities and comforts of living at home. This co-ed building is designed for optimum privacy and is intended to create an environment conducive for academic learning.

Each room is part of a two-room suite. Each room is designed for two students; has two beds, two desks, two chairs, two armoires, cable, secured wi-fi and broadband internet connections. Each two-room suite contains a bathroom including a shower unit that is accessible from each room.

The building has its own laundry facilities, vending machines, and small lounge area with a TV. The fourth floor has a function room called Tree-Tops that is available for building gatherings, activities and events. A full time Resident Director resides on the first floor of this building and supervises and monitors the safety and security of the facility.

Rancourt Hall 24-hour quiet floor provides an atmosphere that is most conducive for academic success at CMCC. Our resident directors and assistants will strive to limit noise levels and distractions on this floor in order to provide students with a quiet and comfortable experience. This floor is designed for students who prefer a quiet environment for study and sleep.

Fortin Hall:

Fortin Hall is a traditional style facility that houses 60 students. The first floor of the building includes a lounge, vending machines, and an arcade/game room. The full-time resident director's apartment is also on this floor. A laundry room is located in the basement of the building. Living space is available on the second, third and fourth floors, each accommodating 20 residents. Fortin is an all-male dorm. Each room is a double room with accompanying twin beds, two desks, two chairs, two armoires, cable, secured wi-fi and broadband internet connections. A bathroom facility is located on each floor equipped with 3 toilets, 3 showers, and 5 sinks.

The Apartments:

The college has two apartment complexes that include ten four-person apartments that can hold a total of 40 students. Each apartment has four individual rooms, a common living room and bathroom/shower unit. Four to six people share this living space. Each room has a twin bed, desk, chair and armoire. There is one cable connection and phone connection in the common room and each bedroom has secured wi-fi and broadband internet connections. These rooms are usually sold in groups of four to second-year students and are co-ed.

On the back of this form or on a separate sheet of paper, please provide a printed or typed description of yourself. Be specific! Your own habits, idiosyncrasies, and preferences are all pertinent. Study habits, interests, likes, dislikes, hobbies and when you like to participate in social events or activities/organizations are all important. Elaborate as much as possible. Finally, please describe your ideal roommate.
