Students should make a habit of regularly checking *CMConnect* for announcements and other information. A *CMConnect* user guide is available in the Student Services Office and downloadable in *CMConnect* and www.cmcc.edu.

Students are issued a cmconnect.cmcc.edu email address upon registration of their first course. Many College offices use student email to send important announcements and notifications, therefore, students are required to check it regularly. Students may forward their CMCC email address to a personal email address for easier access. Forwarding directions are available in *CMConnect*. Students should use their *CMConnect* email for all correspondence to College officials.

EMERGENCY NOTIFICATION SYSTEM

In the event of an emergency or other unexpected occurrence where College operations are affected, students and employees will be sent a message through the emergency notification system. The message can be received via phone, email and/or text. Students and employees should verify that their personal contact information is correct by logging into *CMConnect* and selecting the "Alerts and Contact Info" tab in the left column. Please keep in mind that updating contact information in this location does not update your student record information.

ACADEMIC SERVICES

ACADEMIC ADVISING

All students (full or part-time) who have been admitted (matriculated) are assigned an academic advisor. The primary role of the academic advisor is to guide the student (advisee) toward the accomplishment of her/his academic goal. The primary functions of the academic advisor are to meet with the student periodically to review her/his academic status and progress; review and approve registrations for official enrollment with the Registrar; review and provide advice on student plans for “adding or dropping” previously approved courses; maintain “matriculation worksheets” (paper or electronic) based upon the Central Maine Community College program catalog requirements in effect in the first semester of the student’s enrollment as a matriculate; and refer advisees to appropriate College personnel when necessary. Advisor assignments are made after the student is admitted to a program. Changes of advisors are approved by Department Heads or the Dean of Academic Affairs and written notification made to the Registrar.

ADVISING OFFICE

The Learning and Advising Center (LAC) in Jalbert 400B offers students enrolled in General and Liberal Studies a variety of support services, and works closely with other College programs to ensure the long-term success of all CMCC students. The services offered include registration in place of the academic advisor, the First-Year Experience Program and more. For general information please visit Jalbert Hall, Suite 400B or call 755-5380.

It is the student’s responsibility to make the Disabilities Coordinator aware of his/her disability and possible need for accommodation. **Please refer to Disability Service Procedure & Documentation on page 12 of this handbook for more detailed information**, including the grievance procedure that must be used by students for complaints regarding claims of disability and requests for accommodation.

Accommodations are not retroactive and must be requested every semester. It is the student’s responsibility to contact the Coordinator if there are questions or concerns about accommodations that have been granted.

Examples of possible accommodations may be:

ACADEMIC SERVICES

THE LEARNING COMMONS (JALBERT HALL)

The Learning Commons at CMCC provides academic and computer support services to students in a welcoming attractive space. The Learning Commons houses the Writing Center, Math & Science Center, Computer Support Desk, library & reference support, study pods, and an open computer lab, in one convenient location. This technology-rich space offers students the ability to collaborate, connect, learn, and share knowledge with their peers and teachers.

Professional staff and student peer tutors are available to assist students with their information needs through one on one consultations, workshops, in class visits, and electronically through the phone, email, chat, and social media. The collection consists of several eBook subscriptions, electronic databases, and print titles. A conference room and Smart board can be reserved for group study. Several digital touch interactive tables and screens, computer stations, a printer, and a self-service copier are available to students.

Students' ID numbers provide off-campus access to many of the Learning Common's databases. The barcode on the back of student's CMCC ID must be activated to check out physical materials or to request materials from other libraries.

Students are responsible for returning library material on time; this includes material borrowed from other libraries. Email reminders are sent as a courtesy only. Students may opt into convenient text message notifications to help keep track of material. If material is not returned within 21 days of the due date, students will receive an invoice for the replacement cost plus a non-refundable \$15 fee. All borrowing privileges are suspended and any outstanding charges are added to students' records in the Business Office. If a student returns an item for which they have already paid, the replacement cost is refundable.

ACCREDITATION

Central Maine Community College is accredited by the New England Commission of Higher Education.

Accreditation of an institution of higher education by Commission indicates that it meets or exceeds criteria for the assessment of institutional quality periodically applied through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Commission is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding the accreditation status by the Commission should be directed to the administrative staff of the institution. Individuals may also contact:

ACCEPTABLE USE POLICY FOR COLLEGE COMPUTERS & OTHER INFORMATION RESOURCES

Primary Goal of Information Resources: To support and enhance the educational activities of Central Maine Community College by providing access to additional resources. The college encourages the use of college resources for these primary activities. These resources include, but are not limited to, hardware (including telephones, computers, and traditional media equipment) either owned or leased by the college, software, the Internet and consulting time and expertise of the computer staff. The use of technology resources provided by the college for endeavors not directly related to enhancing and facilitating teaching, collaborative work, and applied research should be considered as secondary activities. Should such secondary activities in any way interfere with the primary activities, they may be terminated or limited immediately. Many of the technology resources of the college are shared among the entire college community. Everyone using those resources should be considerate of the needs of others and be certain that nothing is done to impede anyone else's ability to use these resources.

Such impediments may include, but are not limited to: Activities that obstruct usage or deny access to others; activities that compromise privacy; activities that create a hostile environment; activities that are libelous; attempting to "hack" into any computer either at the College or elsewhere; activities that violate copyright rules; activities that violate college rules; destruction, alteration or appropriation of data or information belonging to others; activities that violate local, state, or federal laws; unauthorized use of computer accounts; impersonating other individuals; creating, using, or distributing virus programs or programs that attempt to explore or exploit network security and/or other vulnerabilities; attempts to capture or crack passwords or break encrypting protocols; allowing anyone else to use any personal account(s); extensive use of resources for private or personal use; alteration of computer configurations or settings; deliberately or negligently overloading computing resources, such as running excessive programs that use relatively substantial bandwidth and other resources, which includes, but is not limited to, peer-to-peer file sharing.

Policy Specifics

This Acceptable Use Policy includes, but is not limited to, the following specifics. Students are strictly forbidden from altering or deleting system files, system configurations, desktops, or start menus. Students are also forbidden from loading any personal software onto a Central Maine Community College computer. Students may not save any data or information to the hard drive without permission from their instructor or appropriate Central Maine Community College faculty/staff.

Violation of Policy

Any user who does not adhere to the Acceptable Use Policy for the computer resources s/he is connected to may have her/his access to the Central Maine Community College network terminated. The use of Central Maine Community College computer resources is a privilege, not a right. The College reserves the right to take whatever actions necessary to prevent a user from violating the rights of other computer users. The violation(s) could also result in other disciplinary action; and/or appropriate civil or criminal legal action. Questions or Problems: Instructors, advisors, and supervisors can help clarify this policy or help to resolve any other problems encountered in using Central Maine Community College computing services and facilities. Central Maine Community College policies recognize and amplify the MCCS Computer Network Acceptable Use Policy.

2. Date first diagnosed and treatments begun. A general history and clinical interview should be included.
3. A description of the comprehensive diagnostic tests/methods used, including specific test scores (The report should contain raw scores, converted standard scores, index scores as applicable, including standard test

STUDENT SERVICES

scores and age equivalents) and examiner's narrative interpretation. This description should rule out other disability areas.

4. A clear, direct statement of diagnosis. The diagnostician should avoid the use of such terms as "appears" or "seems" or "is indicative of." If the data does not confirm a disability, the evaluator should state that conclusion in the report.
5. A description of the current functional impact of the disability. This must establish what major life activity is substantially limited. Explanation of functional limitations from the impairment that may adversely affect the individual in an academic college program must be included.
6. A statement of the method of treatment including current use of any medications, ability/inability to control symptoms, effects of medication that may adversely interfere with clear cognitive functioning.
7. A description of the expected progression of symptoms, especially during college years.
8. A history of previous accommodations and their impact.
9. Recommendations based on functional and substantial limitations for college academic and physical accommodation.

Once a student's disability documentation is received, the Disabilities Coordinator will review the material to determine its completeness and validity. If further information is deemed necessary, the Disabilities Coordinator will inform the individual within 30 academic class days. When the received documentation is complete, the Disabilities Coordinator will contact the student to set up a meeting. In an interactive process the student and Disabilities Coordinator will agree on what if any reasonable accommodations will be supported. A letter of accommodation will be generated by the coordinator and supplied to the student. The student then shares the letter with instructors of her/his choosing. The student must make an appointment with the Disabilities Coordinator at the beginning of each semester to update the accommodation letter. If a student does not have documentation but feels that he/she has a disability, a referral may be made by the Disabilities Coordinator. Central Maine Community College does not provide this testing; it is at the student's expense.

Documentation minimums (for LD, NLD, AD/HD, Brain Injury, Autism, Psychiatric Disorders):

1. Cognitive Component (WAIS IV, preferred, other comparable accepted)
2. Achievement Component (WAIT III, preferred, other comparable accepted)
3. Information Processing Component (WMSIV, Bender, executive functioning, Rey Osterrieth Complex Figure Test, or other appropriate tests)

Other tests should be included that are appropriate to the particular area of disability pointed to from the above required components. For example, if from the information gathered it indicates that the individual has a writing disability, then it would be appropriate to complete the TOWL3 or latest edition.

For AD/HD, it is appropriate to include rating scales by instructors, parents and the student, as well as the Connors Continuous Performance Test or other comparable test.

Disabled students, like all students, are responsible for maintaining an acceptable level of conduct and academic achievement. Essential components of any course of study may not be eliminated or circumvented.

POLICY AND PROCEDURES FOR SUBSTITUTION/WAIVER OF PROGRAM COURSE REQUIREMENTS FOR STUDENTS WITH DISABILITIES

Introduction

Student requests for a course substitution and/or waiver will be individually reviewed by the College's Committee on Curriculum Substitution/Waiver for Students with Disabilities. The Committee will be composed of the Academic Dean, the Disabilities Coordinator, the appropriate Department Chair or Program Coordinator, the Registrar, and ad hoc members as necessary.

As a general rule, academic requirements that the College reasonably determines are essential to the student's program of instruction or to pertinent career licensing requirements will not be substituted or waived because such substitutions or waivers can significantly diminish the integrity of the degree.

For example, the College regards written communication as an integral and essential component of every program that CMCC offers. Any modification of that requirement would substantially alter the nature of the educational preparation at CMCC. Accordingly, the College regards the curriculum of ENG101 or ENG 105 to contain core requirements that cannot be substituted or waived.

STUDENT SERVICES

Again, each request will be evaluated and decided on a case-by-case basis given the nature and degree of the student's disability and the nature and essential character of the course or program at issue.

Procedure for Substitution/Waiver

A student seeking a course substitution and/or waiver must complete the following steps:

1. Meet with and present to the Disabilities Coordinator documentation of the student's reasonable attempt to complete the course as outlined in "Eligibility for Substitution/Waiver;"
2. Complete CMCC's accommodation process and have provided appropriate, current disability documentation (as outlined in the College's "Disability Service Procedure and Documentation") that establishes the impact of the disability on the course required;
3. Request in writing the need for substitution/waiver of a course in the degree program and why the student believes he/she should be granted the substitution/waiver will be provided by the student to the Disabilities Coordinator; and
4. Sign a release of information so that documentation can be shared with Committee members, who understand the confidential nature of this information.

The Disabilities Coordinator will then:

1. Make the initial assessment of the relationship between the requested substitution and the disability; and
2. Forward the student's request for substitution/waiver along with any associated documentation (including disability documentation) to the Academic Dean, who is the chair of the Committee.

The Academic Dean will then convene the Committee within 10 working days of receiving the request, and the Committee will:

1. Meet and engage in a deliberative process to review the program requirements and why CMCC has the requirement at issue;
2. Once the purpose of the requirement has been established, the Committee will consider courses in other disciplines where the requirements and goals might approximate those of the course in question;
3. After the alternatives have been examined, the Committee will determine, consistent with any legal advice, whether another course(s) would be an acceptable substitution for the program requirement. The Committee will have 15 working days from its first meeting to carefully review all information and come to a reasoned decision.

If the Committee determines consistent with any legal advice that:

1. There is no reasonable substitute for the required course, and that elimination of the requirement would result in a fundamental alteration of the program of study, the request for substitution/waiver will not be granted; or
2. That reasonable substitute(s) do exist, a waiver for the required course will be granted and the opportunity to take the substitute course(s) will be granted.

The Academic Dean will then:

1. Notify the student and Committee members within 10 working days of the end of the Committee's deliberation period of the Committee's decision, and indicate what, if any, actions are necessary to take. If the substitution/waiver is granted:
 - This will be indicated on the student's transcript;
 - All other degree requirements, such as the total number of credits required for the degree, must be met; and
 - A record of this process will be well-documented so that others who were not involved can understand the deliberate, reasoned process completed, the alternatives considered, and the reasons for the final decision.

If the student does not agree with the decision of the Committee, the student may:

1. File a grievance (see "DISABILITIES SERVICES GRIEVANCE PROCEDURE" below or in college catalog).

STUDENT SERVICES

DISABILITIES SERVICES GRIEVANCE PROCEDURE

The following grievance procedure must be used by a student for complaints regarding claims of disability and requests for accommodation.

1. Contents of the Grievance

The grievance must be in writing; contain the name, address, and telephone number of student; and the location, date and description of the alleged discrimination. Alternative means of grieving, such as personal interview or tape-recording, are available upon request, if required by disability.

2. Filing the Grievance

The student or, if necessary because of disability, a designee must submit the grievance to the ADA Compliance Officer (Barbara Owen) as soon as possible and no later than twenty (20) calendar days after the alleged violation. Barbara Owen may be contacted in Jalbert Hall, Room 308 or at (207) 755-5233.

3. Officer's Decision

As soon as practical after receipt of the grievance, the Officer will meet with the student to discuss the complaint. As soon as practical after the meeting, the Officer will respond in a format accessible to the student (such as large print, Braille or audiotape). The response will explain the position of the College and, where practical, offer options for substantive resolution.

4. Student Appeal to College President

Within fifteen (15) calendar days after receiving the Officer's decision, the student may appeal to the College President or designee.

5. Decision of the College President

As soon as practical after the receipt of the appeal, the College President or designee will meet with the student to discuss the appeal. As soon as practical after the meeting, the College President or designee will issue in a format accessible to the student a final decision regarding the grievance.

6. Record Retention

TEMPORARY HANDICAPPED PARKING PERMIT

To obtain a temporary handicapped parking permit, your treating physician must fill out an application which is then submitted to your local Department of Motor Vehicles. A temporary parking placard is then issued. Call your physician's office to see if the application is available there or if you have to pick one up at your local Department of Motor Vehicles and bring it to your physician's office.

FIREARMS AND WEAPONS

In accordance with the Maine Community College System Policy 803, no person other than those specified below may possess a firearm on, or discharge a firearm within 500 feet of, property owned, operated or occupied by a college and/or the System. STUDENT SERVICES

FOOD SERVICE (JALBERT HALL)

The dining hall serves commuting students as well as those who reside on campus. Short-order service and snacks are available as well as nutritionally-balanced meals. Funds may be added to the Student ID card to use at the Café as a debit card.

HEALTH SERVICES

A clinic, staffed by qualified health care professionals, is located off campus and is available to resident students. In addition to diagnosing and treating minor medical problems, the clinic provides counseling to students on health related matters. A resident student requiring healthcare services must set up an appointment through the Dean of Student Service's office. Transportation to and from the clinic can be made available through the Student Services office. When the clinic is not open, students have access to medical care through either of the two excellent hospitals located in Lewiston, minutes away from Central Maine Community College.

HOUSING

Four residence halls provide on-campus accommodations for CMCC students. Rancourt Hall accommodates 153 students in a double-room format with a private bathroom. Fortin Hall accommodates 60 students and contains dormitory rooms for double occupancy. The apartment units consist of four single bedrooms, a common living room, and a bathroom. All rooms are furnished with single beds, a closet, a chest of drawers, a desk, and a chair. Students provide additional furnishings as desired. Students living in residence halls furnish their own sheets, blankets, towels, and pillows. Card-operated laundry equipment is available. Laundry cards must be purchased in Fortin Hall. Rooms are assigned to full-time CMCC students with preference given to select second-year students on a space-available basis. The College makes every effort to provide access to individuals with disabilities. On-campus housing students are required to carry the college meal plan. Please contact housing at 755-5156.

A Residence Hall Council, consisting of resident assistants and interested resident students plans activities throughout the year. A director of housing and resident directors live on-campus and are available to assist student residents.

IMMUNIZATIONS

Maine law requires most MCCS students to provide proof of immunization or immunity for certain diseases. Matriculated students born after Dec. 31, 1956 are required to show proof of *:

- Diphtheria/Tetanus: One dose of DT, TD, or DTP administered within 10 years of the student's enrollment;
- Measles, Mumps & Rubella: Two doses of measles vaccine administered after the student's first birthday.
- Meningitis: Required for students living on campus.

*Some academic programs, especially those health related, may require additional immunizations or tests in order to secure the student a clinical or placement to meet graduation requirements.

To demonstrate the required immunizations, each student shall present a certificate of immunization from the provider who administered the immunization. The proof must specify the patient name, date of birth, immunizing agent and the date it was administered. To demonstrate immunity against measles, mumps, and/or rubella, a student must present a medical provider's statement demonstrating the student's immunity status.

A student is exempt from the above requirements if the student, or the parent or guardian if the student is a minor:

- Provides a written statement from a physician or school health provider that immunization against one or more of the diseases may be medically inadvisable;
- States in writing a sincere religious belief, which is contrary to the immunization requirement of Maine law; or
- States in writing a sincere opposition to the immunization for philosophical reasons.

Any student who does not comply with these requirements or qualify for an applicable exception may be excluded from a college. Students who do not supply proof of required immunizations may have their accounts put on hold and not be able to register for future semester courses.

STUDENT ACTIVITIES

Many major activities and events on campus are initiated by Central Maine Community College's Student Senate, composed each year of student representatives from clubs, residence halls, academic programs, and across campus. Student activities are varied and are intended to appeal to the educational, recreational, athletic, and social interests of students. Financed by student activity fees, the activity program includes both campus-based activities and the use of community recreational facilities. With support from Student Services, commuting and residential students may organize activities and events. Many scheduled events are announced on the website, CMConnect, the Mustang Message, campus digital monitors and bulletin boards.

In arranging student activities, the Student Senate takes full advantage of the rich recreational and entertainment possibilities in Auburn/Lewiston, Maine's second largest urban area. Funds allocated to the Student Senate budget are used to offset the cost of such outings.

STUDENT SENATE

Students have the opportunity to deepen and broaden their formal educational experience and to realize more fully their potential through participation in student organizations and activities. The Student Senate is the governing body for all student activities and is the official student voice on campus. As such, it nominates students for membership on selected standing committees of the College and makes recommendations to the administration on matters about which students have an interest. The Senate is comprised of students elected by ballot and has responsibility for allocating funds received from the activity fee assessed by all students for the support of student activities and organizations. The Senate also serves as a clearinghouse for student requests for activities. Other functions include organizing student activities and sponsoring public service activities.

All elected representatives will have full voting privileges.
- SECTION 2- The election of program representatives will be conducted and overseen by the department chair or his/her designee for each program in the department. Voting will be by secret ballot or as otherwise determined by the department chair. Department chairs will certify elections and forward results to the Senate Co-Advisor(s). Election of club and residence hall representatives will be similarly conducted, certified, and forwarded by club advisors and resident directors, respectively.
- SECTION 3- Senate officers will be nominated and elected from the general student body during the final month of spring semester. Nominations will be restricted to CMCC students in good standing with the College. Those candidates receiving the largest number of votes from the student body via electronic, CMCC email-controlled vote will be the elected officers. Officer terms of service begin the first day of the following fall semester and end the final day of the following spring semester. Incumbent officers may run for re-election.
- SECTION 4- The Executive Board will be responsible for training the newly elected officers in their duties and responsibilities.
- SECTION 5- The Senate Advisor(s) will serve as an ex-officio member of any ad-hoc committee established to oversee Senate elections. The election committee will have responsibility for assuring adequate promotion of the election on campus; fair and unbiased presentation of officer candidates to voters; presentation of any election discrepancies, ties, or appeals to the student senate membership for decisive vote; and publishing of final results.
- SECTION 6- If necessary vacated Senate offices will be nominated and elected as soon as possible after the vacancy is confirmed. Nominations and elections will be restricted to active members of the Senate who are in good standing with the College. Those receiving the largest number of votes from the Senate membership will be elected Interim officers for the remainder of the officer term.

ARTICLE V-ABSENTEE BALLOTS

- SECTION 1- A Senate member who is unable to be present at a Senate meeting may, with the approval of the Vice-President, employ an absentee ballot.
- SECTION 2- The Senate member will be responsible for applying for the absentee ballot. The Senate Secretary, at the discretion of the Vice President, will issue the absentee ballot to this individual.
- SECTION 3- The absentee ballot will provide voting privileges for the requesting Senate member at the next scheduled Senate meeting and will be keyed to the next meeting's agenda.
- SECTION 4- If an issue to be voted on is amended and absentee ballots are outstanding, voting will be deferred to the next meeting and the issue will be listed in the Senate minutes under old business.

STUDENT SERVICES

- SECTION 5- A Senate member who has voted by absentee ballot will be deemed to have fulfilled his or her representation requirement for that meeting. The absentee ballot process is meant to be used in special circumstances and misuse of the process, as determined by the Senate Vice President, may be cause for Executive Board action.

ARTICLE VI-REFERENDUMS

- SECTION 1- Any matter of concern to the student body may be submitted for a referendum vote. A petition on a question containing 100 student signatures, including the last four digits of the student's ID number, certified by the Senate Secretary, and submitted to the Executive Board, will be sufficient to bring that question to a referendum vote. A majority vote will decide the referendum question. Referendum votes will take place during the academic year, dates to be determined by the Senate Executive Board and approved by the Senate membership.
- SECTION 2- The Senate President will be responsible for bringing any approved referendum decision to the faculty and senior administration for their consideration.

ARTICLE VII-STUDENT ORGANIZATIONS

- SECTION 1- Any organization, which is comprised of ten or more full-time CMCC students may apply to the Senate for official recognition. To gain recognition, the following steps must be taken:
 1. Secure a faculty advisor.
 2. Draft a constitution and by-laws clearly stating the organizations purpose, objectives, structure and openness to the student body.
 3. Petition the Senate for recognition by submitting necessary documentation to the Senate Vice President.
 4. Receive a positive majority vote from the Senate.
 5. Receive the approval of the Senate Coordinator.
- SECTION 2 - A student organization which gains Senate recognition may be eligible to use CMCC in its correspondence and may use CMCC facilities for meetings upon request and with administrative approval.
- SECTION 3 - A recognized student organization may apply to the Senate for funding by submitting a line-item budget proposal to the Senate. The Senate will then make a decision using the concept of general student welfare as a criterion in its decision making.
- SECTION 4 - All Senate-recognized student organizations shall abide by their established constitutions and will act in accordance with the Senate Constitution and By-Laws and with the policies and procedures of the College.
- SECTION 5 - Recognized student organizations must submit reports each semester to the Executive Board on their activities and, if funded by the Senate, on their finances. Failure to follow these guidelines may result in suspension of privileges and recognition.
- SECTION 6 - A student organization that fails to participate in two consecutive Senate meetings may lose funding privileges [defined as the ability to petition the Student Senate for funds] for the remainder of that semester by majority vote of the Senate.
- SECTION 7 - A student organization is expected to participate in the Fall Open House, Spring Open House, Fall Activities Fair, and Spring Activities Fair. Failure to participate in these events may result in loss of funding privileges for that semester by majority vote of the Senate.
- SECTION 8 - Student organizations are expected to be active on campus with the general student body. Student organizations must hold regular, publicized club meetings (bi-weekly is recommended). In addition to club meetings, a student organization will coordinate and host a minimum of one public, publicized event per semester. If a student organization fails to hold regular club meetings and a public event, then the club may lose funding privileges for the following semester by majority vote of the Senate. (Public event is in addition to regular club meetings and participation in Section 7 listed events)
- SECTION 9 - Any student organization that fails the requirements in Sections 6-8 for two consecutive semesters may be called before the Senate for review of status. At the review the student organization will be given an opportunity to defend the organization.
 1. After the defense, the Senate shall vote to either retain or disestablish the organization. Vote to disestablish must be by a two-thirds majority.
 2. If retained, the group shall be on probationary status through end of the following semester. Further

STUDENT SERVICES

violation during this period shall be subject to disestablishment without the matter coming to another vote.

3. If voted to disestablish, the organization will be suspended pending a second vote at the next regularly scheduled Senate meeting. If the vote is then confirmed by another two-thirds majority, all funds will be returned to the college and the organization will no longer have official standing for a period of no less than one year.
 4. If, after a year, the organization wishes for reinstatement, they shall follow the steps laid out in Article VII, Section 1.
 5. If no defense is made, voting will proceed as laid out in Section 9.1.
 6. If no representative is present, the vote will be tabled for consideration at the next regularly scheduled Senate meeting. If there is no representative present at that meeting, voting shall proceed as outlined in Section 9.1.
- A student organization can be brought before the Senate for review for violations of Article VII Section 1, 6, 7, and 8, subject to the provisions in Section 9

ARTICLE VIII-CONDUCT OF BUSINESS

- SECTION 1- Agenda
 1. The agenda for each regularly scheduled meeting shall be set by the Senate President in consultation with the Executive Board. Placement on the agenda is open to all students who have issues or concerns to bring before the Senate. The agenda for each regularly scheduled meeting will be posted at least two working days prior to the call to order.
 2. To be placed on the agenda, a written proposal, sponsored by an elected representative, must be given to the Senate President at least 48 hours prior to the Senate meeting. If there are too many agenda items to be considered in a given week, the President may place an item on the following week's agenda.
 3. A running agenda will be available from the president at any point in the week to allow representatives knowledge of which items are to be discussed as well as the current size of the agenda.
- SECTION 2- Minutes will be taken at all meetings of the Senate and the Executive Board and will be available in the Student Services Office. The minutes from a previous week's meeting will be available to Executive Board members and representatives within 48 hours after the scheduled meeting.

 1. Call to Order
 2. Roll Call
 3. Acceptance of the Minutes
 4. Treasurer's Reports
 5. Old Business
 6. New Business
 7. Open Floor (if time permits)
 8. Adjournment
- SECTION 4- Voting on Senate business will be by show of hands, each vote to be recorded by the Senate Secretary and reflected in the minutes for the meeting. A closed vote may occur upon an approved motion in issues of confidential or otherwise sensitive circumstances.
- SECTION 5- All correspondence of the Senate must be authorized by the Senate Secretary and approved by the Executive Board.

ARTICLE IX-COMMITTEES

- SECTION 1- Ad-hoc committees and their chairs may be appointed by the Senate President with Senate approval to meet student needs or facilitate Senate business. Ad-hoc committees will have clearly stated purposes and powers and will dissolve when their purpose has been accomplished.

ARTICLE X-VACANCIES

- SECTION 1- If a Senate program representative is elected to an at-large representative position, his/her alternate will fill the vacancy and the program will select a new alternate by majority vote. The same process will be followed if a

STUDENT SERVICES

Senate program representative resigns or is removed from office.

- SECTION 2- Upon the resignation or removal of an Executive Board member, the Senate President will appoint a Senate member to fill the vacancy. At the next Senate meeting, nominations for a permanent replacement will be accepted from the Senate membership and vote taken by secret ballot. The candidate receiving the greatest number of votes from the Senate membership will be the elected officer.

ARTICLE XI-SENATE BUDGET PROCESS

- SECTION 1- Non-organizational requests for funding must be submitted in the form of a written proposal and will be sponsored by an at-large representative.
- SECTION 2- All monies allocated by the Senate but not spent will be returned to the Senate budget no later than two weeks after the scheduled event.
- SECTION 3- All proposals for funding will follow a uniform format and be consistent with the policies and guidelines of the Central Maine Community College Finance Office and the Maine Community College System. All checks should be requested 24 hours in advance before needed.
- SECTION 4- The Senate President will have a \$50.00 emergency spending capacity and will inform the Senate Treasurer and the Senate membership of his/her actions in this area at the earliest opportunity.
- SECTION 5- The Senate Treasurer will be responsible for obtaining authorization from the Senate Advisor(s). The Treasurer or President will be the only persons to whom authorized checks will be released.

STUDENT CODE OF CONDUCT

MAINE COMMUNITY COLLEGE SYSTEM

STUDENT AFFAIRS

Section 501

SUBJECT: STUDENT CODE OF CONDUCT

PURPOSE: To establish a uniform Student Code of Conduct

The colleges of the MCCS shall use the following Student Code of Conduct.

I. Purpose of Code

The College requires students to conduct their affairs with proper regard and mutual respect for the College and the members of its community. In seeking to encourage responsible conduct, the College will rely upon counseling and admonition. When necessary, the College will use this Code in a prompt, fair and impartial manner to:

1. ensure the orderly administration of the College's academic, athletic and social offerings

5. maintain and protect the real and personal property of the College and the members of its community.

This Code applies *in addition* to other College and System policies and regulations, local ordinances, and state and federal laws. Students whose conduct violates those authorities may also be subject to their sanctions and penalties. Finally, the Residence Hall Agreement between a student and the College imposes similar but additional responsibilities and obligations, and students whose conduct violates both that Agreement and this Code may be disciplined by the College under either or both.

Such suspension shall take effect when so designated and may not be stayed pending appeal unless otherwise determined by the College President.

STUDENT CODE OF CONDUCT

V. Procedure

A. General

In applying the provisions of this Code, MCCS accords students alleged to have violated this Code the following opportunities. First, students have the opportunities to be advised of the charges and the nature of the evidence against them, and be heard before an impartial decision-maker. Second, students have the opportunities to have sanctions based on substantial evidence (a standard of “more probable than not”); the decision explained in writing; and, in a Stage Two proceeding, have questions asked of opposing witnesses. Finally, students have the opportunities to be assisted by a person who may observe the proceeding and advise the student, but who may not speak on behalf of the student or otherwise participate in the proceeding. In cases where suspension or dismissal is likely or where criminal charges are pending, such an assistant may be an attorney, but such an attorney shall not be at the college’s expense.

B. Stage One

The College Dean of Students (“Dean”) and/or Disciplinary Officer (“Officer”) (collectively “Investigator”) shall investigate alleged violations of this Code. Such inquiries shall include notice to the student of the: 1) complaint; 2) Code sections that may have been violated; and 3) possible sanctions that may be imposed. The student shall be given an opportunity to be interviewed. The Investigator may consider any information that the Investigator believes may be relevant and reliable information in determining whether it is more probable than not that the alleged conduct occurred, and that such conduct violated the Code. Upon concluding the inquiry, the Investigator shall notify the student in writing of the Investigator’s findings of fact, Code provision(s) violated, if any, and a sanction(s), if any. The Investigator’s decision shall take effect when so noted. Sanctions, other than interim suspension, may, in the discretion of the Dean, be stayed during any appeal. The Dean, but not an Officer, may at this stage impose a sanction of dismissal or suspension.

C. Stage Two

A student who does not accept discipline imposed at Stage One may request a Stage Two proceeding. A person materially affected by the alleged Code violation (such as the victim of the alleged conduct) may request a Stage Two proceeding in order to review a Disciplinary Officer’s decision either to dismiss or impose a relatively low sanction in the case.

1. Request

A request for a Stage Two proceeding must be submitted in writing to the Dean within two (2) school days following the day the student receives the Investigator’s written decision, and must state specifically the grounds for the request. A student who fails to file a proper and timely request may be deemed to have waived the right.

2. Committee

A Stage Two proceeding shall be heard by a Disciplinary Committee (“Committee”) which shall consist of at least three and not more than five members, each appointed by the College President. At least one member should be a faculty member and one member may be a student. The President shall appoint a Chair.

3. Hearing

After receiving the student’s request, the Committee Chair shall notify the student, Dean and/or Officer of the time and location for the hearing. A hearing shall be held as soon as practical and shall proceed as follows: The Committee Chair shall preside; the Dean and/or Officer will present the charges, information and findings against the student; the student will respond to the case presented by the Dean and/or Officer; and the Dean and/or Officer and student may then each summarize orally their position. All or a portion of the hearing may, at the discretion of the Committee, be closed to persons other than those recognized by the Chair. If a student does not attend the hearing, the Committee may commence the hearing or continue the hearing to a later time or date. Only the members of the Committee may pose questions to the witnesses or parties. The Committee is not bound by court rules of evidence or procedure.

4. Decision

The Committee will convene in closed session to find facts and determine any Code violation(s). The Committee may consider any relevant and reliable information in determining whether it is more probable than not that the alleged conduct occurred, and that such conduct violated the Code. The Committee is not

STUDENT CODE OF CONDUCT

bound by the Investigator's findings and sanctions. The Committee may impose any appropriate sanction up to and including dismissal. Disciplinary sanctions imposed by the Committee take effect immediately unless otherwise specified. A majority of Committee members present and voting will prevail.

D. Stage Three

A student may appeal to the College President only a Committee sanction of suspension or dismissal from the College. Such appeal must be submitted in writing to the President within two (2) school days following the day when the student receives the Committee's written decision, and must state specifically the grounds for appeal. Such appeals shall be limited to the Committee's procedures and the appropriateness of the sanction. A student who fails to file a proper and timely appeal may be deemed to have waived the right to appeal. The President may also grant a request by a person materially affected by the alleged Code violation to review a decision of the Disciplinary Committee to dismiss a case or to impose a relatively low sanction. In all cases, the President shall issue a written decision as soon as practical after the hearing. The President is not bound by the decisions of either the Investigator or Committee.

VI. Notice and Receipt of Notice

A College may provide a notice under this Code to a student either in person or to the student's most recent electronic, campus or U.S. mail address on file at the College. A student will be deemed to have received such notice immediately when informed in person; within 24 hours when notified by electronic or campus mail; and within 72 hours of the date of mailing when notified by U.S. mail. In all instances a student has an affirmative duty to remain in contact with the College while a matter is pending under this Code.

VII. Coordination of this Code with the MCCS Policy on Special Conditions

When the student conduct at issue is subject to both this Code and the MCCS policy on Special Conditions of Admissions, Enrollment and Participation, a college shall consult with the MCCS General Counsel about how either or each policy shall be applied.

VIII. Certain Athletic Determinations

The provisions of this Code apply to misconduct related to participation in athletics. The procedures of this Code do not, however, apply determinations of whether a student may be a member of, or receive playing time for, a college athletic team because the student has engaged in conduct detrimental to the team. Those determinations shall be made by the coach, provided that the affected student may appeal the coach's decision to the College Dean of Students. For purposes of this provision, "conduct detrimental to the team" includes, but is not limited to, conduct that is unsportsmanlike to fans, officials or opposing coaches or players; disruptive to practices and other team events; brings disruption or disrepute to the team through misconduct or violations of law, College or System policy; or is otherwise contrary to the principles taught through athletic competition, such as reliability, diligence, commitment, teamwork and the willingness to take seriously the duty to represent the College honorably during competition. Each College may adopt a more specific definition of "conduct detrimental to the team" that furthers the educational purposes of athletic competition.

IX. Traffic Violations

A student violation of a rule governing a moving, parked or standing vehicle on property owned, operated or under the control the MCCS shall be processed under this Code only if the sanction sought by a college is suspension or expulsion from college for that violation. In all other cases, a college shall provide a process that permits a student an informal opportunity to contest the alleged violation before a person designated by the college to hear such contests.

The following terms have the following meanings when used in this Student Code of Conduct, unless the context indicates otherwise: "**Code**" means this Student Code of Conduct; "**College**" means a college of the Maine Community College System; "**College Activity**" means an activity under the auspices of the College, including activities of students and student organizations; "**College Community**" means any person or organization that attends, performs services for, is employed by, visits or otherwise uses the College; "**College Personnel**" means any instructor, administrator, employee, committee or contractor of the College or System; "**Course**" means any class of instruction, regardless of credit, offered by the College; "**President**" means a College President; "**Property**" means the real and personal property controlled through ownership, rental, charter or other means by the System, College, State of Maine or a member of the College Community. MAINE COMMUNITY COLLEGE SYSTEM

STUDENT AFFAIRS

Section 501.1

SUBJECT: **STUDENT SEXUAL MISCONDUCT AND ASSAULT** ⁽⁶⁾

PURPOSE: To define and proscribe non-consensual sexual activities between students

A. Introduction

Certain sexual activities can produce emotional and physical distress and constitute violations of criminal law. Other sexual activities can produce significant regrets or misunderstandings. The purposes of this procedure are to notify students of their responsibilities when engaging in sexual activities, and to protect students from those who do not meet these responsibilities. This procedure supplements the MCCS Student Code of Conduct ("Code") by defining the non-consensual sexual activities that constitute violations of the Code; explaining the procedures that will apply to the handling of such alleged violations; and providing important additional information to all students. The intention is to inform students in detail of their responsibilities under the Code, and to assist the Colleges in investigating and resolving cases alleging such violations.

B. Personal Responsibilities

In addition to the responsibilities students have under the Code of Conduct and this procedure, students are strongly advised to heed numerous other personal responsibilities. In order to avoid the problems identified above, as well as problems related to unwanted pregnancies, sexually transmitted diseases and other personal difficulties, all students are advised to:

1. Pursue or permit sexual activities of any kind only with a person with whom there is an established relationship
2. Pursue or permit sexual activities of any kind only while not under the influence of drugs or alcohol; and
3. Communicate expressly, at the time of possible sexual activities, their respective desire, comfort and clear agreement to engage in any sexual activities at such time, and communicate the specific activities to which they consent.

C. Definitions

For purposes of this procedure, the following terms have the following meanings.

1. "Reliable Consent" means a person's:

- a. Voluntary agreement;
- b. Communicated by words;
- c. At the time of the sexual activity;
- d. To engage in each of the sexual activities at issue in a given case. Such agreement must be expressly requested and, if given, expressly stated. Current agreement must not be assumed or inferred from previous instances when reliable consent was given by the Complainant. Agreement from a person who is visibly intoxicated or otherwise impaired shall not be regarded as reliable consent. Agreement to engage in one sexual activity (such as a touching) is not agreement to engage in a different sexual activity (such as an act). Agreement can be withdrawn at any time and, if so withdrawn, the sexual activity shall stop.

2. "Acquiescence" means a person's submission to engaging in one or more sexual activities without communicating either an express verbal agreement or an express physical or verbal objection.

3. "Sexual misconduct" means the following where there is no reliable consent:

- a. "Sexual touching," which means any intentional touching of the breasts, buttocks, groin or inner thigh, directly or through clothing, and for the purpose of arousing or gratifying sexual desire; or
- b. "Sexual contact," which means any intentional touching of the genitals or anus, directly or through clothing, other than as would constitute a sexual act, for the purpose of arousing or gratifying sexual desire or for the purpose of causing bodily injury or offensive physical contact; or
- c. "Sexual act," which means any intentional act done for the purpose of arousing or gratifying sexual desire when that act involves direct physical contact between the:
 5. Genitals of one and the mouth or anus of another; or
 6. Genitals of one and the genitals of another; or
 7. Genitals or anus of one and an instrument or device manipulated by another person

STUDENT CODE OF CONDUCT

4. **“Sexual assault”** means any sexual misconduct as defined above where, at the time of the sexual activity, the Complainant:
- Expressly communicated by words or physical act(s) a timely objection; or
 - Was visibly intoxicated or otherwise visibly impaired; or
 - Was unconscious, incapacitated, or otherwise unaware that sexual activity was occurring or about to occur; or
 - Was placed in reasonable fear of physical injury or other harm because of the Respondent’s use or threatened use of physical force or other harm.
5. **“Complainant”** means a person who believes he or she experienced sexual misconduct or assault by student.
6. **“Respondent”** means a student accused of sexual misconduct or assault.
7. **“Retaliation”** means pressuring a person to drop or support a complaint or to provide false or misleading information; pressuring a person to participate or refrain from participating as a witness in a proceeding; or engaging in conduct that may reasonably be perceived to affect adversely that person’s educational, living, or work environment for making a good-faith report or participating in good faith in an investigation.

D. Prohibited Conduct

It is a violation of the Student Code of Conduct for a student to intentionally engage in sexual misconduct or sexual assault, or to retaliate against a person who in good faith reports or participates in an investigation under this procedure. A student may be found responsible for retaliation even if not found responsible for the underlying alleged sexual misconduct or assault.

E. Reports to a College

- When to Report.** Students are advised to report allegations of sexual misconduct or sexual assault immediately or as soon as possible.
- Where to Report.** To ensure the most prompt response, reports should be given to the Dean of Students and/or Enrollment Services. Any other employee who receives such a report shall immediately share the report with the Dean of Student and/or Enrollment Services.
- What to Report.** A complaint may be made orally or in writing, and should be as specific as possible. A report should disclose the identity of the person(s) alleged to have engaged in the sexual misconduct or sexual assault, and the location(s), date(s) and description of the alleged acts. A College cannot take complaints “off the record.” Once a College receives such information, it has a duty to investigate and possibly take action even if, at the time of the complaint, the Complainant does not want the College to do either. Unless the Complainant signs a written statement specifying withdrawal of the complaint, the Complainant may not be deemed to have withdrawn her or his complaint.
- False Reports.** It is a violation of the Code for any student to intentionally file a report of any kind with a College official when the student knows that such report, by fabrication or material embellishment, is false.

F. Information Provided to a Complainant at the Time of a Report

At the time of a report to the Dean of Student and/or Enrollment Services, the College shall provide to the Complainant a copy, or hypertext links to copies, of the Code, this Procedure and the Appendices to this Procedure. Students are hereby advised of the following:

- Preserving Evidence.** It is important to preserve physical evidence in order to help prove a criminal sexual assault, stalking, domestic violence, other acts of violence occurring within a dating relationship, or to help obtain a protective order;
- Confidentiality.** The College uses best efforts to protect the confidentiality of the identity and allegations involved in a report, including keeping all records confidential to the extent permissible by law. Information regarding sexual misconduct or assault reports, and any investigation or review of those reports, including sanctioning determinations, will be shared among College officials with a legitimate educational interest or with external individuals or entities only on a need-to-know basis and only as permitted by College policy and applicable law. A College will be required to disclose the Complainant’s name, statements and allegations to the Respondent. A College may choose to comment publicly, in writing or otherwise, to the extent permitted by law, regarding the decision reached if, in the judgment of the College, the best interests of the community would be served by such a disclosure. If possible and appropriate, the anonymity of the student(s) involved will be protected.
- Counseling, Health and Mental Health Services.** Counseling, health and mental health support services are

STUDENT CODE OF CONDUCT

available either on campus or in the area. A list of such services is attached in the Appendix to this procedure;

4. **Law Enforcement.** The complainant has the right to contact, and file a criminal complaint with, the police. A list of such authorities is attached in the Appendix. The police can advise and assist with the Complainant's option to request from a court that a temporary or permanent restraining order, or other protection or nocontact order be issued against an alleged offender; and
5. **Victim Advocacy and Legal Assistance Services.** Victim advocacy and legal assistance services are also available. A list of such services is attached in the Appendix.

G. Investigations

The College shall use the Code of Conduct in conducting an investigation of reports or allegations of sexual misconduct or sexual assault.

H. Interim Steps While an Investigation is Conducted

A College shall consider what interim steps, if any, should be taken until the investigation and findings are complete. Such steps include, for example, changing the affected student(s) academic, living, transportation, and working situations if requested and reasonably available.

I. Participation during Proceedings

Consistent with the Code, both the Complainant and the Respondent shall have the same opportunity to have others present during internal disciplinary proceedings, including the opportunity to be accompanied to related meetings by an advisor of their choice.

J. Outcomes

At the time that the College makes its final findings, the College shall in writing notify simultaneously the Complainant and Respondent of:

1. Whether the Respondent was found to violate the Code and, if so, the provisions violated and discipline imposed;
and
2. The Respondent's and Complainant's rights under the Code to appeal the findings and any discipline.

K. Discipline

A violation of this procedure shall result in discipline under the Code. Because of the wide range that can exist between cases of violent misconduct and cases of poor communication, the following guidelines shall assist Colleges in determining the appropriate discipline for each case.

1. **Sexual Assault vs. Sexual Misconduct.** Findings of sexual assault shall be regarded as more severe than findings of sexual misconduct.
2. **Types of Sexual Misconduct.** Findings of a sexual act shall be regarded as a more severe form of sexual misconduct than findings of sexual contact, and findings of sexual contact shall be regarded as a more severe form of sexual misconduct than findings of sexual touching.
3. **Cases of Acquiescence.** Findings that a student did not obtain express verbal agreement and instead relied upon mere acquiescence shall be regarded as important but less severe than cases involving sexual assault.
4. **Repeat Violators.** Findings that a student was previously found responsible for sexual misconduct or sexual assault shall be regarded as more severe than a firstoffender.

L. Retaliation

The College will take appropriate steps to ensure that a person who in good faith reports or participates in an investigation under this procedure will not be subjected to retaliation by the Respondent or others. Anyone who has experienced retaliation is strongly encouraged to report that concern using the procedures in Section C above.

M. Protective Orders

Complainants have the right to request from a court that a temporary or permanent restraining order, or other protection or no-contact order be issued against an alleged offender. Only the police, and not College security, have the authority to enforce such an order by arresting a person who violates the order. The Complainant should, therefore, promptly inform the Dean of Student and/or Enrollment Services if such an order is obtained so that the College may be better prepared to more promptly contact the police if necessary.

N. Primary Authority and Annual Training

The Dean of Student and/or Enrollment Services at each college shall have primary responsibility for overseeing the

STUDENT CODE OF CONDUCT

application of this procedure. The Deans shall ensure that Disciplinary Officers, Resident Directors, Resident Assistants, Disciplinary Committee Members and other pertinent employees are annually informed about this procedure. The Deans shall further consult with the MCCS General or Assistant Counsel on questions arising under, or recommendations to improve, this procedure.

O. Other

Nothing in this procedure shall be construed to confer a private right of action upon any person to enforce the provisions of this procedure.

P. Appendices

The Appendix of services and authorities referenced in Section F above is attached to this procedure (see Community Information and Services in this Student Handbook).

SOCIAL MEDIA POLICY

MAINE COMMUNITY COLLEGE SYSTEM

GENERAL ADMINISTRATION

Section 213

SUBJECT: SOCIAL MEDIA

PURPOSE: To establish guidelines for uses of social media that affect MCCS

A. Introduction

MCCS, its colleges and centers (hereinafter “MCCS”) encourage its students and employees to use social media tools to advance their work and facilitate the exchange of information. Social media is increasingly used by employees and students to connect with one another and share information, but social media also presents risks and responsibilities. The purpose of this policy is to advise students and employees of some of those risks, and to advise students and employees of their responsibilities when using social media in ways that are school or work related. This policy does not apply to student and employee uses of social media that are not school or work related.

B. Definition

For purposes of this policy, “social media” includes all interactive platforms that allow for the creation and exchange of user-generated content. This includes all means of communicating or posting information or content of any sort on the Internet, including to one’s own or someone else’s web log or blog, journal or diary, personal web site, photo-sharing site, social networking or affinity web site, web bulletin board or chat room, whether or not associated or affiliated with MCCS. Examples of common platforms for such communications include, but are not limited to, blogs, Facebook, Twitter, YouTube and LinkedIn.

C. Individual Responsibility

Each student and employee is responsible for their posts, uploads or other communications that are school or work related. For example, employee conduct on social media that adversely affects the job performance of the employee or another employee, or that otherwise adversely affects the students, business affiliates, supporters, or others who work on behalf of MCCS or MCCS’ legitimate business interests may result in disciplinary action.

D. Compliance with Existing Rules

The same laws, policies, rules and codes of conduct that govern other interactions between students, employees and other college constituents apply to the use of social media. Students and employees who violate these rules may be subject to the loss of MCCS computer and network privileges, and/or other disciplinary action, up to and including expulsion or termination. Such rules include, but are not limited to, the following laws, MCCS and/or college policies (hereinafter “rules”):

1. Rules for both Students and Employees

When using social media in ways that are school or work related, students and employees must:

- a. Use MCCS computers and networks responsibly. See, for example, *MCCS Policy 203, Computer and Network Use Policy*;
- b. Not use expression that is not protected by law, such as defamation, incitement to unlawful conduct, imminent threats of actual violence or harm, obscenity, fighting words, gross disobedience of legitimate rules, copyright or trademark violation, criminal or civil harassment, trespass, false advertising, and use of public resources to promote partisan political activities. See, for example, *MCCS Policy 210, Orderly Operations* and *MCCS Policy 211, Political Activities*;
- c. Not engage in conduct that constitutes sexual harassment, threats or intimidation; or that produces unlawful mental or physical discomfort, embarrassment, harassment, or ridicule for any member of a college or the System community. See, for example, *MCCS Policy 202, Sexual Harassment* and *MCCS Policy 802, Hazing*;
- d. Respect the copyright, fair use and intellectual property rights of others. See, for example, *MCCS Policy 207 and Procedure 207.1, Compliance with Copyright*;
- e. Be accurate and complete with their statement of facts; and
- f. Not state an opinion that suggests or implies facts that are not true.

Likewise, students and employees should also not expect any right of privacy to attach to their public postings; remember that posts can be forwarded, copied and readily misconstrued; and that search engines can find posts years after they were created and even after they have been deleted.

SOCIAL MEDIA POLICY

2. Additional Rules for Employees

In addition to subsection 1 above, employees when using social media in ways that are work related must:

- a. Act respectfully and professionally. See, for example, MCCS Policy 416, Code of Ethics;
- b. Not post confidential information about MCCS students, employees or alumni; and adhere to all applicable laws or rules governing privacy, confidentiality and internal business-related confidential communications. See, for example, MCCS Policy 502, FERPA;
- c. Not use the MCCS or a college name, logo, and other mark without the requisite permission from the System or College. See, for example, MCCS Policy 602, Names, Marks and Logos; and *Procedure 207.1, Compliance with Copyright*;
- d. Not use personal social media for more than a de minimus amount of time during work hours. See, for example, MCCS Policy 203, Computer and Network Use Policy;
- e. Clearly identify their opinions as their own. An employee who chooses to identify him or herself as an MCCS employee on a personal web site, a social networking site, blog, or other social media platform should make clear that he or she is not authorized to speak on behalf of MCCS, and that the views expressed are the individual's and do not necessarily reflect those of MCCS. This should be accomplished by posting a disclaimer such as, "The postings on this site are my own and do not necessarily reflect the views of the college or Maine Community College System;" and
- f. Not use the employee's MCCS email address(es) to register on social networks, blogs or other online tools utilized solely for personal use.

3. Additional Rules for Students

In addition to *subsection 1* above, students who use social media in ways that are school related must comply with the *MCCS Policy 501, Student Code of Conduct*.

E. Social Media Sites Sanctioned or Sponsored by MCCS

The same laws, policies, rules and codes of conduct that govern other interactions between students, employees and other college constituents apply to the use of social media. Students and employees who violate these rules may be subject to the loss of MCCS computer and network privileges, and/or other disciplinary action, up to and including expulsion or termination. Such rules include, but are not limited to, the following laws, MCCS and/or college policies (hereinafter "rules"):

1. Establishment

Any social media sites or accounts posted by a college or an entity of MCCS shall be approved by a college president or the System president. Such decisions shall consider whether:

- a. Involvement can be carried out in such a manner that positively supports MCCS' values, missions, and goals;
- b. The engagement with the audience adds value to both MCCS and the audience;
- c. The approach is as effective or efficient as other approaches that might be used (i.e. does an existing MCCS activity, initiative, or social media platform accomplish the same goals?);
- d. The use of social media enables MCCS to offer services it might not otherwise be able to offer; and
- e. Sufficient resources exist to appropriately manage the interactions

2. Management of Social Media Sites Sanctioned or Sponsored by MCCS

At least one employee shall be designated to monitor the medium, identify problems that emerge, and take action when necessary. The appropriate contributor(s) and/or a sufficient number of contributors with appropriate expertise shall be identified to ensure timeliness and currency of content. Such employees must:

- f. Regularly monitor the site;
- g. Review content for factual, grammatical and spelling errors, and correct promptly any such errors;
- h. Keep all content current; and
- i. Provide timely (typically within two business days) replies to posted questions.

SOCIAL MEDIA POLICY

CENTRAL MAINE COMMUNITY COLLEGE SOCIAL MEDIA PARTICIPATION AND MANAGEMENT GUIDELINES

The following guidelines are established to help create and maintain a positive online community for accounts connected with CMCC.

- **CREATION AUTHORIZATION:** All new social media accounts related to a service, group, club, department, athletic or academic program at CMCC must be approved by the Department of Planning and Public Affairs prior to creation. Students may not create official college social media accounts. Accounts created without the approval of Planning and Public Affairs may require termination. Planning and Public Affairs must have current login/password information at all times for non-Facebook accounts as non-Facebook accounts can only have one login/password (no multiple managers such as Facebook).
- **SOCIAL MEDIA TERMS OF USE:** All social media accounts authorized must follow the specific media terms of use.
- **CONFIDENTIAL INFORMATION:** Do not disclose items such as unpublished details about software, details of current projects or programs, future acquisitions of program laboratory equipment, materials or supplies, financial information, personal information of yourself, others and/or research. If you are unsure if information is confidential, be safe and do not disclose it. When in doubt, consult Planning & Public Affairs. If you are unable to ask, do not disclose.
- **SOCIAL MEDIA ACCOUNT MANAGERS:** Social media account managers must be approved by Planning and Public Affairs prior to setup. Account managers may not share their login usernames and/or passwords with others, including those in their departments unless specifically authorized to do so by Planning and Public Affairs, and are held responsible for all content published under their accounts. CMCC employees must use @cmcc.edu email addresses on College related social media and may not have College related accounts attached to personal accounts unless first approved by Planning and Public Affairs.

Students may not moderate or post content on behalf of an academic- and non-academic department account unless specifically approved by Planning and Public Affairs for a specified event. Students may only assume the role of secondary moderator/content contributor on behalf of an official CMCC club/organization account and must be specifically approved by Planning and Public Affairs prior to rights being granted.

- **ATTRIBUTION:** If using outside content be sure to credit the source with a link or mention of the organization of origin. Failure to do so may constitute plagiarism and trigger copyright issues.
- **DELETION:** Deletion of social media posts/accounts should be the last resort in the event of a controversy. If a post is generating significant negative feedback, immediately notify Planning and Public Affairs.
- **FREQUENCY OF POSTING:** Social media accounts must be updated on a weekly-basis at a minimum. Accounts considered inactive will be given a warning. After three warnings the social media account may be removed at the discretion of Planning and Public Affairs in consultation with student services, academic affairs or athletics depending on the nature of the site.
- **COLLEGE NAME & BRANDING:** Do not change the primary logo/cover or the page/branding without the permission of Planning and Public Affairs
- **REQUIRED LANGUAGE:** All accounts must include the following language in the “about” section when possible: “Central Maine Community College is an equal opportunity / affirmative action institution and employer. For additional information, please call 207-755-5233.”
- **COST:** Any costs incurred in the establishment of a social media account must be approved by the administrator’s supervisor and Planning & Public Affairs.

Academic Program-Specific Account

- Academic Program social media account requests must be made by the program chair to Planning and Public Affairs prior to creation. Each account must have a full-time faculty member as the primary social media account manager. Designated full-time faculty will be assigned social media account management privileges and are responsible for ensuring all social media policies are adhered to and for maintaining the account. Please see “Social Media Account Managers” on page one (1) in regards to student access to accounts.
- An academic social media account is not to be used in the facilitation of an academic course. This presents a high-risk for FERPA violation.

SOCIAL MEDIA POLICY

Athletic Program-Specific Account

- Athletic social media account requests must be made by the Director of Athletics to Planning and Public Affairs prior to creation. Each account must have a coach for the specific program/sport as an administrator. Designated athletics staff will be assigned social media account management privileges and are responsible for ensuring all social media policies are adhered to and for maintaining the account. Please see “Social Media Account Managers” on page one (1) in regards to student access to accounts.

Clubs and Organization Specific Account

- All Clubs and Organizations wishing to create a social media account must make the request to the Associate Dean of Student Services prior to creation of the account. If the Associate Dean deems the page viable, s/he will bring the request to Planning and Public Affairs. A member of the department of Planning and Public Affairs will be sole administrator on all accounts.
- As common interest groups, authorized clubs and organizations will be approved for a Facebook Group only. Clubs and organizations are not authorized to have other types of social media accounts at this time.
- Due to the fluid nature of clubs and organizations on campus and the need for monitoring, the Director of Communications or authorized Student Services staff member will create all authorized groups. The club/organization advisor will be assigned primary social media account management privileges and is responsible for ensuring all social media policies are adhered to and for maintaining the account. Please see “Social Media Account Managers” on page one (1) in regards to student access to accounts.

Social Media Content Guidelines

- All accounts are representative of the College as a whole. Do not use first person singular language. This applies to post content, comments, hashtags, etc.
- All photos and videos must be of high quality (no selfies).
- Do not post photos or videos of minors.
- Do not post photos or videos of any students who have a FERPA restriction. Refer to MCCS Policy 502.
- Any posted videos must include captioning in order to comply with ADA requirements*. All accounts are individually responsible for securing and paying for closed captioning. We recommend the following for captioning services:
 - REV: <https://www.rev.com/caption>
 - Facebook: <https://www.facebook.com/help/261764017354370>
 - YouTube: <https://support.google.com/youtube/answer/2734796?hl=en>

*Do not share native videos on Twitter, as they cannot be captioned as either video overlay or through a text caption.

AFFIRMATIVE ACTION

AFFIRMATIVE ACTION

It is the policy of Central Maine Community College to ensure equal employment, educational opportunities, and affirmative action regardless of race, sexual orientation, color, national origin, marital status, religion, age or disability in accordance with all federal and state legislation. As the term Affirmative Action implies, Central Maine Community College will make strong, good faith efforts to recruit, employ, and promote members of minority groups and women as well as efforts to recruit and enroll students from the same groups. Central Maine Community College is an equal opportunity/affirmative action institution and employer. For more information please call 755-5233. For more information, please consult the [College's Affirmative Action Plan](#) online.

COMPLAINT PROCEDURE

Discrimination, including sexual harassment, is a violation of the Student Code of Conduct and the Policies of Central Maine Community College. Any student or employee, who believes he or she has been discriminated against, must make a report to the Affirmative Action Officer ("Officer"). While a student or employee is free to disclose his or her complaint to instructors or other employees, and while instructors and other employees are encouraged to refer such disclosures to the Officer, a student or employee must not rely on disclosures to persons other than the Officer. If a student or employee discusses a complaint with any Executive Officer of the College, or with any person with supervisory or disciplinary authority over the alleged perpetrator(s) of the discrimination, that person must in turn report it to the Affirmative Action Officer. The Affirmative Action Officer (Barbara Owen) will notify the President of each such complaint. The Officer may be contacted in Jalbert Hall, Room 308 or at (207) 755-5233. Every effort will be made to resolve a complaint of discrimination in as informal a manner as possible by talking with the person or persons alleged to have violated the policy of nondiscrimination.

The following complaint procedure must be used for complaints of discrimination:

1. Filing a Complaint

A person who believes he or she has been discriminated against must provide timely notice to the Officer; timely notice generally means within 20 calendar days of the alleged violation. The complainant must disclose the identity of alleged violator, and location, date(s) and description of the alleged discrimination.

2. Investigation

Within 10 calendar days, the Officer will meet with the complainant to discuss the complaint and will conduct an investigation into the facts of the matter and will determine whether or not unlawful discrimination occurred. Within 10 calendar days of completing the investigation the Officer will report findings to the complainant and the alleged perpetrator and to the appropriate disciplinary authority for action if a violation has occurred. If a disciplinary action is taken as a result of a grievance decision, that action will be taken utilizing procedures established by collective bargaining agreements or the Student Code of Conduct. The Officer may refer a misconduct report to other College personnel for review or to solicit assistance for the victim. At the discretion of the President of the College, the matter may be referred to CENTRAL MAINE COMMUNITY COLLEGE General Counsel.

3. Appeals to College President

Within fifteen (15) calendar days after receiving the Officer's decision, any party to the complaint who is aggrieved by the decision may appeal to the College President or designee.

4. Decision of the College President

Within 15 calendar days of receipt of the appeal, the College President or designee will meet with the student to discuss the appeal. As soon as practical after the meeting, the College President or designee will issue in a format accessible to the student a final decision regarding the grievance.
