

Precision Machining Technology Advanced Certificate

Program Outcomes							
Required Courses	Program, set-up and operate live tooling equipment	Program, set-up and operate dual spindle equipment	Program, set-up and operate 3-D surfacing equipment	Program, set-up and operate 4 axis equipment	Program, set-up and operate 5 axis equipment	Prepare cutting tool calculations from manufacturer's book recommendations	Inspect, adjust and complete a machine-job package
PMT 270							
PMT 276	I	I	I				
PMT 279	R,A	R,A					
PMT 281			R,A				
PMT 282				I	I		
PMT 285				R,A	R,A	I,A	I,A

I-Outcome introduced; R-Outcome Reinforced; E-Outcome Emphasized; A-Outcome Assessed
