For many students, a college education is not possible without financial assistance.

The Scholarship Scramble has been an important source of scholarship funds. These funds provide critical resources for need-based and merit-based financial assistance, helping students on the path to a successful career and a brighter future.

Please sponsor today to make a difference tomorrow.

The scholarship I received from the Morrison Scramble helped me to work hard and earn my reward. Because of this great opportunity, I was able to overcome obstacles and struggles and graduate with my degree in Accounting. I managed to make it through, so **THANK YOU!**

Ekoko Louise,
Auburn

Receiving a scholarship from the Chip Morrison Scholarship Scramble has allowed me to really focus on my studies and worry a little less about money. I cannot thank the sponsors and golfers enough for helping me achieve my academic and career goals.

Jared Rubin,
Lewiston

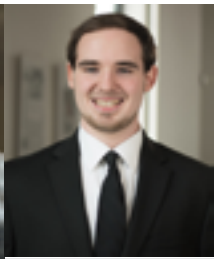

Receiving a Scholarship Scramble award is not only a big help financially, it is also a great motivator that makes a student want to prove that academic excellence does not go unnoticed. I cannot thank the sponsors, golfers, and volunteers enough for this wonderful gift to CMCC students and graduates of our local high schools.

Micayla Hill,
Minot

The Scramble scholarship was a blessing to my family and me. I would not have been able to remain in school without the financial assistance I have received. I have now earned my business degree with highest honors – **THANK YOU TO ALL!**

Ralph Morgan,
Lewiston

The scholarship I have received will help me further achieve my goal of becoming a physician. I look forward to repaying this someday by giving back to my community. Thanks again!"

Tyler Tibbetts,
Turner
