

Central Maine Community College is looking for adjunct faculty to teach in the Plumbing & Heating Technology program for the spring 2021 semester (January 6 – May 3)

Wells, Pumps and Drainage (PHT 130)

Mon & Wed 1:30-5:00pm (instruction includes combination of Zoom, Online and face-to-face)
Applicants must have extensive knowledge of wells, pumps and service methods for residential and light commercial drainage systems and plumbing equipment; including unplugging drains, installing and servicing ejectors and sumps. Previous teaching experience preferred.

HVAC/R System Design (HVT 252)

Tues & Thurs 2:00-5:30pm (instruction includes combination of Zoom, Online and face-to-face)
Applicants must have knowledge of HVAC/R system design, heat loss/ gain calculations, duct sizing and air flow design experience. Knowledge of Wright-Soft design software and previous teaching experience preferred.

Commercial Refrigeration (HVT 255)

Fri 8:00am-1:00pm (instruction includes combination of Zoom, Online and face-to-face)
Applicants must have experience with the installation and service of walk-in coolers/freezers, ice makers and standalone coolers required. Experience following a set curriculum and/or building freezer mockups preferred. Previous teaching experience preferred.

Application process:

Send a cover letter, a completed CMCC application, and resume immediately to:

Jennifer Lyons, Assistant to the Academic Dean
Central Maine Community College
1250 Turner Street
Auburn, Maine 04210
jlyons@cmcc.edu

Note: There is no deadline for submission of applications. Applications will be reviewed on a rolling basis until qualified applicants are selected for interviews and the position is filled.
