Associate in Arts

**The Associate in Arts in Liberal Studies is designed primarily for individuals who plan to transfer to a four-year college or university in pursuit of a bachelor's degree.**

A core of courses in the program offers students the opportunity to develop skills in communication, humanities, social sciences, mathematics and science. Courses taken as electives afford individuals an opportunity to explore a variety of academic disciplines.

Students interested in transferring to a four-year college or university should identify the institution and program where they plan to complete their baccalaureate degree.
