

# ACCOUNTING

Associate in Applied Science

**With the Associate in Applied Science in Accounting you'll gain broad exposure to general business activities and practices. Focus on an in-depth understanding of fundamental accounting procedures and supporting computerized applications.**

Students who complete the program will have a knowledge and academic base equivalent to the first two years of many four-year degree programs in accounting.

Specifically, this program is designed to:

- Prepare students for entry-level positions
- Advance in accounting-related career fields

**Graduates may pursue careers as:**

- Bookkeepers
- Accountants
- Auditing Clerks
- Auditors
- Adjustment Clerks
- Tax Preparers

**"My business classes have been fun and enlightening."**
