

EDUCATION

Associate in Science
(also available 100% online)

The Associate in Science Degree in Education program prepares students for transfer to baccalaureate degree granting institutions to become education technicians, certified teachers or to provide continuing education to certified teachers in PreK-12 education school settings.

Students in this program will plan learning opportunities that support an individual's physical, cognitive, and social/emotional development. A variety of instructional strategies are emphasized to meet diverse learning needs and encourage critical thinking and problem solving.

Non-Academic Requirements:

Students will be required to create a Maine Educator Information System (MEIS) account, undergo a background check, and obtain fingerprinting through an approved Maine Department of Education vendor.
