Vice President & Dean of Students

Introduction

Central Maine Community College traces its origin to 1963 when the 101st Maine Legislature submitted to public referendum the question of establishing a postsecondary vocational training program in Androscoggin County. The voters of Maine gave their consent in November, 1963, and in September, 1964, Androscoggin State Vocational Institute opened at 385 Main Street, Lewiston. In 1965 the State Board of Education renamed the institution Central Maine Vocational Technical Institute (CMVTI) and in January 1966, CMVTI was moved to the present campus on Turner Street in Auburn.

During its first year, the institution enrolled 48 students in four programs (Auto Mechanics, Building Construction, Industrial Electricity, and Architectural Drafting) and was staffed by 13 persons, of whom seven were instructors. The first graduating class, consisting of six students, received diplomas in June 1965.

The Legislature changed the name of Central Maine Vocational Technical Institute to Central Maine Technical College (CMTC) in 1989 to reflect CMTC's role and status as a comprehensive institution of higher education. On July 1, 2003, CMTC became Central Maine Community College (CMCC), offering transfer degrees in the arts and sciences as well as career and technical programs.

Today there are approximately 4,100 students enrolled in Central Maine Community College courses. In addition, an estimated 2,000 area residents participate each year in conferences, courses and programs offered through the Center for Workforce and Professional Development Division of the College. The students are served by approximately 150 faculty and staff members. Every year approximately 500 students graduate with an associate's degree or certificate.

The College offers educational opportunities for both transfer to baccalaureate programs and career preparation. CMCC's associate in arts and associate in science degrees are designed as the first two years of a more advanced degree. The associate in applied science degree and certificates are designed to prepare students for direct entry into the workplace. All graduates are expected to have a set of core competencies that will enable them to be qualified and productive members of the workforce and to continue their education after they graduate and throughout their lives.

Accreditation

Central Maine Community College is accredited by the New England Commission of Higher Education (formerly the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc.).

Accreditation of an institution of higher education by the Commission indicates that it meets or exceeds criteria for the assessment of institutional quality periodically applied through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Commission is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding the accreditation status by the Commission should be directed to the administrative staff of the institution. Individuals may also contact:

Academic Success

Academic Services

Academic Advising

All students full or part time, degree seeking who have been admitted (matriculated) are assigned an academic advisor. The primary role of the academic advisor is to guide the student (advisee) toward the accomplishment of the student's academic goal. The primary function of the academic advisors are to meet with the student periodically to review the student's academic status and progress; review and approve registrations for official enrollment with the Office of the Registrar; review and provide advice on student plans for "adding or dropping" previously approved courses; and refer advisees to appropriate College personnel when necessary. Advisor assignments are made after the student is admitted to a program. Changes of advisors are approved by department heads or the dean of academic affairs and written notification made to the registrar.

The Center for Advising and Registration Jalbert 400A

The Center for Advising and Registration offers students enrolled in the General Studies program a variety of support services, and works closely with other College programs to ensure the long-term success of all CMCC students. The services offered include registration in place of the academic advisor, the First-Year Experience Program and more. For general information please visit Jalbert Hall, Suite 400B, call (207) 755-5380, or email advising@maineccc.edu.

It is the student's responsibility to make the accessibility coordinator aware of the student's disability and possible need for accommodation. Accommodations are not retroactive and must be requested every semester. It is the student's responsibility to contact the accessibility coordinator if there are questions or concerns about granting accommodations.

For full Accessibility Services procedure and documentation, including policy and procedures for substitution/waiver of a program course requirement for students with a disability, and grievance procedure, see the official CMCC Academic Catalog at cmcc.edu.

Academic Conflict Resolution/Grievance Procedures

Whenever an academic question or difference arises between an instructor and a student, the following procedure will be followed:

1. The student will discuss the issues with the instructor; if unresolved,
2. The matter may be discussed with the department chair or program administrator which the class is offered; if still unresolved,
3. The matter may be appealed to the dean of academics for a final decision.

Student Grade Appeals and Academic Misconduct

Grade Appeals

An instructor has the authority to assign the grade that the instructor reasonably determines the student has earned. Each college shall also establish a procedure that allows students to appeal the instructor's grade to the department chair and, if not satisfied, to the college's chief academic officer. Under that appeal procedure, each decision-maker shall give due regard to the instructor's professional judgment. The academic officer shall have the final authority to enter the grade on the college's official transcript for any student, regardless of whether an appeal is so taken.

Academic Misconduct

CMCC's standards of academic integrity prohibit conduct that constitutes academic misconduct, and conduct that intentionally or knowingly helps or attempts to help another to commit an act of academic misconduct. For purposes of this policy, "academic misconduct" is defined as cheating or dishonesty of any kind in the performance of academic work, including misrepresenting one's own work, taking credit for the work of others without crediting them and without appropriate authorization, or the fabrication of information. Common examples of academic misconduct include, but are not limited to, the following:

- Cheating: the intentional use or attempted use of unauthorized materials, information or study aids in any academic exercise; unauthorized copying from another student's work; representing material prepared by another as one's own work; the use of uncited work by artificial intelligence (AI); violating rules governing the administration of examinations; or violating any rules relating to academic conduct of a course or program
- Plagiarism: the intentional representation of the words, problem/design solutions, concepts, processes, procedures, compositions, ideas or sequence of ideas of another's as one's own. It includes failing to attribute to the actual author any quotations, paraphrases or the author's ideas
- Fabrication: the intentional and unauthorized falsification or invention of any data, information or citation in academic work
- Forgery: the falsification or alteration of an allegedly genuine document, or forging a signature on any academic document or record

**Some academic programs, especially those health related, may require additional immunizations or tests in order to secure the student a clinical or placement to meet graduation requirements.*

To demonstrate the required immunizations, each student shall present a certificate of immunization from the provider who administered the immunization. The proof must specify the patient name, date of birth, immunizing agent and the date it was administered. School health records are usually acceptable to meet this requirement. To demonstrate immunity against measles, mumps, and/or rubella, a student must present a medical provider's statement demonstrating the student's immunity status.

A student is exempt from the above requirements if the student, or the parent or guardian if the student is a minor, provides a written statement from a licensed physician, nurse practitioner or physician assistant that, in the physician's, nurse practitioner's or physician assistant's professional judgement, immunization against one or more of the diseases may be medically inadvisable.

Any student who does not comply with these requirements or qualify for a medical exception may be excluded from a college. Each college shall keep records of the immunizations and immunization status of each student. Such records shall be part of the student's permanent records.

Such suspension shall take effect when so designated and may not be stayed pending appeal unless otherwise determined by the College President.

V. Procedure

A. General

In applying the provisions of this Code, MCCS accords students alleged to have violated this Code the following opportunities. First, students have the opportunities to be advised of the charges and the nature of the evidence against them, and be heard before an impartial decision-maker. Second, students have the opportunities to have sanctions based on substantial evidence (a standard of "more probable than not"); the decision explained in writing; and, in a Stage Two proceeding, have questions asked of opposing witnesses. Finally, students have the opportunities to be assisted by a person who may observe the proceeding and advise the student, but who may not speak on behalf of the student or otherwise participate in the proceeding. In cases where suspension or dismissal is likely or where criminal charges are pending, such an assistant may be an attorney, but such an attorney shall not be at the college's expense.

B. Stage One

The College Dean of Students ("Dean") and/or Disciplinary Officer ("Officer") (collectively "Investigator") shall investigate alleged violations of this Code. Such inquiries shall include notice to the student of the: 1) complaint; 2) Code sections that may have been violated; and 3) possible sanctions that may be imposed. The student shall be given an opportunity to be interviewed. If a student does not reasonably respond to interview requests or does not attend a scheduled interview, the Investigator may continue with the investigation.

The Investigator may consider any information that the Investigator believes may be relevant and reliable information in determining whether it is more probable than not that the alleged conduct occurred, and that such conduct violated the Code. Upon concluding the inquiry, the Investigator shall notify the student in writing of the Investigator's findings of fact, Code provision(s) violated, if any, and a sanction(s), if any. The Investigator's decision shall take effect when so noted. Sanctions, other than interim suspension, may, in the discretion of the Dean, be stayed during any appeal. The Dean, but not an Officer, may at this stage impose a sanction of dismissal or suspension.

C. Stage Two

A student who does not accept discipline imposed at Stage One may request a Stage Two proceeding. A person materially affected by the alleged Code violation (such as the victim of the alleged conduct) may request a Stage Two proceeding in order to review a Disciplinary Officer's decision either to dismiss or impose a relatively low sanction in the case.

1. Request

A request for a Stage Two proceeding must be submitted in writing to the Dean within two (2) school days following the day the student receives the Investigator's written decision, and must state specifically the grounds for the request. A student who fails to file a proper and timely request may be deemed to have waived the right.

2. Committee

A Stage Two proceeding shall be heard by a Disciplinary Committee ("Committee") which shall consist of at least three and not more than five members, each appointed by the College President. At least one member should be a faculty member and one member may be a student. The President shall appoint a Chair.

3. Hearing

After receiving the student's request, the Committee Chair shall notify the student, Dean and/or Officer of the time and location for the hearing. A hearing shall be held as soon as practical and shall proceed as follows: The Committee Chair shall preside; the Dean and/or Officer will present the charges, information and findings against the student; the student will respond to the case presented by the Dean and/or Officer; and the Dean and/or Officer and student may then each summarize orally their position. All or a portion of the hearing may, at the discretion of the Committee, be closed to persons other than those recognized by the Chair. If a student does not attend the hearing, the Committee may commence the hearing or continue the hearing to a later time or date. Only the members of the Committee may pose questions to the witnesses or parties. The Committee is not bound by court rules of evidence or procedure.

4. Decision

The Committee will convene in closed session to find facts and determine any Code violation(s). The Committee may consider any relevant and reliable information in determining whether it is more probable than not that the alleged conduct occurred, and that such conduct violated the Code. The Committee is not bound by the Investigator's findings and sanctions. The Committee may impose any appropriate sanction up to and including dismissal. Disciplinary sanctions imposed by the Committee take effect immediately unless otherwise specified. A majority of Committee members present and voting will prevail.

D. Stage Three

A student may appeal to the College President only a Committee sanction of suspension or dismissal from the College. Such appeal must be submitted in writing to the President within two (2) school days following the day when the student receives the Committee's written decision, and must state specifically the grounds for appeal. Such appeals shall be limited to the Committee's procedures and the appropriateness of the sanction. A student who fails to file a proper and timely appeal may be deemed to have waived the right to appeal. The President may also grant a request by a person materially affected by the alleged Code violation to review a decision of the Disciplinary Committee to dismiss a case or to impose a relatively low sanction. In all cases, the President shall issue a written decision as soon as practical after the hearing. The President is not bound by the decisions of either the Investigator or Committee.

VI. Notice and Receipt of Notice

A College may provide a notice under this Code to a student either in person or to the student's most recent electronic, campus or U.S. mail address on file at the College. A student will be deemed to have received such notice immediately when informed in person; within 24 hours when notified by electronic or campus mail; and within 72 hours of the date of mailing when notified by U.S. mail. In all instances, a student has an affirmative duty to remain in contact with the College while a matter is pending under this Code.

VII. Coordination of this Code with the MCCS Policy on Special Conditions

When the student conduct at issue involves "special circumstances" as described in MCCS Policy 504, the College may seek guidance from the provisions of that policy.

VIII. Certain Athletic Determinations

The provisions of this Code apply to misconduct related to participation in athletics. The procedures of this Code do not, however, apply determinations of whether a student may be a member of, or receive playing time for, a college athletic team because the student has engaged in conduct detrimental to the team. Those determinations shall be made by the coach, provided that the affected student may appeal the coach's decision to the College Dean of Students.

For purposes of this provision, "conduct detrimental to the team" includes, but is not limited to, conduct that is unsportsmanlike to fans, officials or opposing coaches or players; disruptive to practices and other team events; brings disruption or disrepute to the team through misconduct or violations of law, College or System policy; or is otherwise contrary to the principles taught through athletic competition, such as reliability, diligence, commitment, teamwork and the willingness to take seriously the duty to represent the College honorably during competition. Each College may adopt a more specific definition of "conduct detrimental to the team" that furthers the educational purposes of athletic competition.

IX. Traffic Violations

A student violation of a rule governing a moving, parked or standing vehicle on property owned, operated or under the control of the MCCS shall be processed under this Code only if the sanction sought by a college is suspension or expulsion from college for that violation. In all other cases, a college shall provide a process that permits a student an informal opportunity to contest the alleged violation before a person designated by the college to hear such contests.

X. Definitions

The following terms have the following meanings when used in this Student Code of Conduct, unless the context indicates otherwise:

"Code" means this Student Code of Conduct; "College" means a college of the Maine Community College System; "College Activity" means an activity under the auspices of the College, including activities of students and student organizations; "College Community" means any person or organization that attends, performs services for, is employed by, visits or otherwise uses the College; "College Personnel" means any instructor, administrator, employee, committee or contractor of the College or System; "Course" means any class of instruction, regardless of credit, offered by the College; "President" means a College President; "Property" means the real and personal property controlled through ownership, rental, charter or other means by the System, College, State of Maine or a member of the College Community. "Property" includes written documents and computer programs, files and resources; "School Day" means a day that the College is open for instruction; "Student Organization" means an organization that acts or purports to act for a student in matters regarding the College; and "System" means the Maine Community College System.

Policies and Procedures

Title IX Policies and Procedures

Violence Against Women Act (VAWA) Response to Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Sex discrimination and sexual misconduct in the form of hostile work environment, sexual harassment, domestic violence, dating violence, stalking, sexual violence (rape, sexual assault, and sexual abuse), and gender/sex-based harassment or discrimination, represent conduct that is prohibited by CMCC/MCCS policy as those terms are defined for purpose of the Clery Act and in accordance with Title IX.

This section of the report informs the campus community of CMCC programs designed to address domestic violence, dating violence, sexual assault and stalking. This section also includes the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault or stalking, when it is reported to a college official.

CMCC provides intentional programs and campaigns intended to prevent or end dating violence, domestic violence, sexual assault and stalking. Training programs for all new students consist of prevention engagement during New Student Orientation and includes definitions of terms, prevention strategies, and victim resources both on and off campus. New employees are required to complete online training on sexual assault, domestic violence, dating violence and stalking.

Risk reduction training consists of self-examination of healthy choices and dangers in contextual situations where domestic violence, dating violence, sexual assault and stalking occur. This training includes risk assessment and awareness. Further support resources are provided for students in both on-campus and off-campus context.

Active bystander training is addressed in New Student Orientation and training campaigns throughout the year. Residential students receive active bystander training throughout the year with active bystander messages posted around campus to maintain awareness of the training and role of active bystanders in keeping the CMCC community safe.

Title IX Policy on Sexual Harassment and Sexual Assault

Any behavior that constitutes a sexual assault under this policy will subject the offender to disciplinary action, up to and including dismissal, whether or not criminal charges are filed and without regard to whether the conduct occurred on or off campus. In addition, sexual assault, rape and other sexual offenses are illegal under Maine criminal statutes and may be separately prosecuted in a court of law.

Sexual assault occurs when a person performs or compels another person to perform any sexual act or to have any form of sexual contact without consent. Rape is a specific kind of sexual assault that involves any vaginal, oral, anal, or urethral penetration with any body part or object without consent. Consent requires mutually understandable and communicated words and/or actions demonstrating agreement to participate in the proposed sexual act. Failure to object does not constitute consent. Consent does not exist where it is not expressly given. Consent cannot be given by a person with a mental impairment (ex. from alcohol or drug use), or when the victim is physically helpless (ex. when asleep or incapacitated). Consent also cannot be given where there are threats or intimidation. Attempted sexual assault or rape occurs when a person intends to commit the offense and engages in conduct that could lead to it.

Victims of sexual offenses can work with a Confidential Resource Advisor (CRA) and/or counseling support. Both services are available on campus or remote access. If the student desires, the College can also arrange police assistance. Care and consideration of the victim's wishes will be taken into account throughout the intervention process. Individuals who feel that they are victims of any sexual offense are urged to file a complaint with the APD, the Director of Campus Safety & Security, or the Vice President and Dean of Students. Reports made to the Director of Campus Safety & Security are shared with the Vice President and Dean of Students for disciplinary review or action.

The College strongly recommends that all victims seek immediate medical assistance. A victim may have internal or external injuries and may need treatment for disease or infection. Additionally, the College strongly recommends that all victims seek counseling and emotional assistance. A full range of support services can be initiated through the Sexual Assault Crisis Center by calling (800) 871-7741.

CMCC's standards of conduct and the student disciplinary process are outlined in the Student Code of Conduct and are prompt, fair, and impartial. The College's procedures for disciplinary action in cases that involve sexual offenses comply with the Higher Education Amendment (HEA) of 1992. In those cases required by the HEA, the accuser and the accused are entitled to the same opportunity to have others present during the investigative interview and/or during an Appeal Committee hearing and attendant proceedings.

For further information about the disciplinary system, contact the Dean of Students at (207) 755-5284.

College Procedures for Investigating and Resolving Sexual Assault & Other Sex Based Conduct Complaints

Below is a summary of the process for allegations that meet the Title IX definition of sexual harassment. Allegations that meet Title IX definition must contain:

- Alleged conduct was at a CMCC location, during a CMCC activity or program, or when CMCC had substantial control over both the respondent and the context.

Complaints against students that are subject to mandatory dismissal from Title IX jurisdiction may still fall under this Procedure if the allegation meets the applicable Maine law definitions.

Students, faculty, and staff are advised to report allegations of sexual harassment immediately, or as soon as possible. Reports can be made via mail, email, phone, web form, or in person. Reports should be made to the Title IX Coordinator, Nicholas Hamel at nhamel@maineccc.edu or (207) 755-5284.

- Findings: The standard of evidence is preponderance of the evidence. Both parties shall be notified simultaneously in writing and provided with the written findings.
- Appeals: The president or designee shall simultaneously issue a written decision to both parties with the result of the appeal and the rationale for the decision.

The Decision Maker, in accordance with this Procedure and the MCCC Rules for Title IX Live Hearings shall use the preponderance of the evidence standard.

College Procedures for Receiving, Investigating, and Resolving Sexual Harassment Complaints

Below is a summary of the process for allegations that do not meet the Title IX or Maine law definitions of sexual harassment. - Action upon findings from the investigation

Supportive Measures Offered at the time of Sexual Assault Report and Formal Complaint

Supportive measures are individualized, non-disciplinary services offered as appropriate and as reasonably available, without fee or charge. The measures are designed to restore or preserve equal access to an educational program or activity without unreasonably burdening the other party. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus. CMCC shall maintain confidentiality for any student receiving supportive measures that they receive, to the extent possible. The Title IX Coordinator will implement and monitor the supportive measures.

Confidentiality Statement

The College uses best efforts to protect the confidentiality of the identity and allegations involved in a report, including keeping all records confidential to the extent permissible by law. Information regarding sexual misconduct or assault reports, and any investigation or review of those reports, including sanctioning determinations, will be shared among College officials with a legitimate educational interest or with external individuals or entities only on a need-to-know basis and only as permitted by College policy and applicable law. The College will be required to disclose the Complainant's name, statements and allegations to the Respondent. The College may choose to comment publicly, in writing or otherwise, to the extent permitted by law, regarding the decision reached if, in the judgment of the College, the best interests of the community would be served by such a disclosure. If possible and appropriate, the anonymity of the student(s) involved will be protected.

The College strongly recommends that victims of sexual assault:

- Seek immediate medical assistance. A victim may have internal or external injuries and may need treatment for disease or infection
- Report such acts to the Director of Campus Safety & Security, Title IX Coordinator, Resident Directors or Resident Assistants (for resident students), and/or the APD. Filing a report with the police provides the opportunity for collection of evidence helpful in prosecution that cannot be obtained later
- Ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam and sexual crimes investigation kit administered by trained hospital personnel
- At the victim's request, college administrators will assist in the notification of local law enforcement. The College's disciplinary system may proceed against any alleged violator of CMCC policy, whether or not state or federal criminal proceedings exist or are pending
- Seek counseling and/or emotional assistance and support. The Student Services office can assist with this. Speaking with a trained counselor can be critical to the emotional or mental well-being of the victim following a trauma

The College will consider requests for changes in academic accommodations and work with victims to reach a reasonable solution. The College will consider requests for changes in on-campus living accommodations on a space available basis. Further training and engagement are provided to residential students during the first week of the fall and spring semesters.

Acceptable use Policy for College Computers and Pay for Print

The primary goal of information resources is to support and enhance the educational activities of Central Maine Community College by providing access to additional resources. Students are encouraged to use college resources for these primary activities. These resources include, but are not limited to, hardware (including telephones, computers, and traditional media equipment) either owned or leased by the college, software, the Internet and consulting time and expertise of computer staff. The use of technology resources provided by the college for endeavors not directly related to enhancing and facilitating teaching, collaborative work, and applied research should be considered as secondary activities. Should such secondary activities in any way interfere with the primary activities, they may be terminated or limited immediately. Many of the technology resources of the college are shared among the entire college community. Everyone using those resources should be considerate of the needs of others and be certain that nothing is done to impede anyone else's ability to use these resources.

Such impediments may include, but are not limited to: activities that obstruct usage or deny access to others; activities that compromise privacy; activities that create a hostile environment; activities that are libelous; attempting to "hack" into any computer either at the College or elsewhere; activities that violate copyright rules; activities that violate college rules; destruction, alteration or appropriation of data or information belonging to others; activities that violate local, state, or federal laws; unauthorized use of computer accounts; impersonating other individuals; creating, using, or distributing virus programs or programs that attempt to explore or exploit network security and/or other vulnerabilities; attempts to capture or crack passwords or break encrypting protocols; allowing anyone else to use any personal account(s); extensive use of resources for private or personal use; alteration of computer configurations or settings; deliberately or negligently overloading computing resources, such as running excessive programs that use relatively substantial bandwidth and other resources, which includes, but is not limited to, peer-to-peer file sharing.

Policy Specifics

This Acceptable Use Policy includes, but is not limited to, the following specifics: Students are strictly forbidden from altering or deleting system files, system configurations, desktops, or start menus. Students are also forbidden from loading any personal software onto a Central Maine Community College computer. Students may not save any data or information to the hard drive without permission from their instructor or appropriate Central Maine Community College faculty/staff.

Violation of Policy

Any user who does not adhere to the Acceptable Use Policy for the computer resources they are connected to may have their access to the Central Maine Community College network terminated. The use of Central Maine Community College computer resources is a privilege, not a right. The College reserves the right to take whatever actions necessary to prevent a user from violating the rights of other computer users. The violation(s) could also result in other disciplinary action; and/or appropriate civil or criminal legal action. Questions or problems: instructors, advisors, and supervisors can help clarify this policy or help to resolve any other problems encountered in using Central Maine Community College computing services and facilities. Central Maine Community College policies recognize and amplify the MCCS Computer Network Acceptable Use Policy.

Pay for Print

The College charges for printing. Funds collected support computer labs with toner, paper and printer maintenance. Print cards are available in Student Financial Services and Central Services. The charge is \$5.00 for 100 prints. Print directions are available in computer labs and kiosks.

Smoking/Tobacco-Free Policy

Central Maine Community College adopted a tobacco-free campus policy, effective July 1, 2014.

The use of tobacco products or any object or device intended to simulate that use, including e-cigarettes, is strictly prohibited on campus. The sale, distribution or advertisement of tobacco products is prohibited.

This policy applies to faculty, staff, students, contractors, vendors and visitors. The use of tobacco and all smoking products is not permitted on any college property, including but not limited to buildings, campus grounds, parking areas, campus walkways, recreational facilities, and college-owned vehicles.

Tobacco use includes the possession of any lighted tobacco products, or the use of any type of smokeless tobacco, including but not limited to chew, snuff, electronic cigarettes, and all other nicotine delivery devices that are non-FDA approved as cessation products.

To define, prohibit, and prevent sexual harassment, sexual assault and certain other acts of a sexual nature, domestic and dating violence and certain other acts within an intimate relationship, sexual violence and stalking. This Policy includes Confidentiality, Protective and No Contact Orders and provisions around Retaliation and Immunity.

College Procedure for Discrimination, Harassment, Sexual Harassment and Affirmative Action Complaints (Procedures 201.1/202.1)

To establish a procedure for each College when receiving and investigating student, employee, applicant, and any other complaints regarding discrimination, harassment, sexual harassment and affirmative action. This procedure does not apply to allegations that meet the Title IX definitions of sexual harassment as set forth in MCCS Policy 202 section B. Such allegations are governed by MCCS Procedure 202.2. Except as otherwise provided, this document establishes the procedure for each College in receiving and investigating complaints brought by a student, employee, applicant or any other person (hereafter the "complainant") that allege harassment or discrimination by a College student, employee, contractor or other agent (hereinafter the "respondent"). This procedure also applies to complaints regarding the College's use of affirmative action which, for purposes of this procedure, shall be processed in the same manner as a complaint alleging discrimination.

Sexual Harassment, Sexual Assault and Other Sex-Based Conduct, Relationship Violence, and Stalking (Procedure 202.2)

The purpose of this Procedure is to define and to describe the reporting, investigation and adjudication procedures that govern MCCS' handling of allegations of sexual harassment as defined by Title IX of the Education Amendments of 1972, and allegations of sexual violence, intimate partner violence and stalking as defined by state law, and to provide guidance on the application of those procedures. This Procedure applies uniformly to conduct constituting sexual harassment, including sexual assault, dating violence, domestic violence and stalking as defined by Title IX, and sexual violence, intimate partner violence and stalking as defined by Maine law. These categories of conduct are collectively referred to herein as "prohibited conduct."

As set forth in MCCS Policy 202, under Title IX, discrimination in the form of sexual harassment is conduct, on basis of sex, that effectively denies a person equal access to an MCCS educational program or activity.

That conduct might be (a) quid pro quo; (b) unwelcome conduct that a reasonable person would deem severe, pervasive, and objectively offensive; or (c) sexual and domestic violence are collectively defined as "intimate partner violence," and sexual offenses, including sexual harassment, are collectively defined as "sexual violence ." Stalking also has differing definitions under Title IX and state law.

The complete list of Policies and Procedures can be found in the Discover Tab at cmcc.edu.

Reports of prohibited conduct are to be made to the Title IX Coordinator:

Nicholas Hamel
Vice President and Dean of Student Services

Affirmative Action

It is the policy of Central Maine Community College to ensure equal employment, educational opportunities, and affirmative action regardless of race, sexual orientation, color, national origin, marital status, religion, age or disability in accordance with all federal and state legislation. As the term Affirmative Action implies, Central Maine Community College will make strong, good faith efforts to recruit, employ, and promote members of minority groups and women as well as efforts to recruit and enroll students from the same groups. Central Maine Community College is an equal opportunity/affirmative action institution and employer. For more information please call 755-5396. For more information, please consult the College's Affirmative Action Plan online.

Complaint Procedure

Discrimination, including sexual harassment, is a violation of the Student Code of Conduct and the Policies of Central Maine Community College. Any student or employee, who believes he or she has been discriminated against, must make a report to the affirmative action officer ("AAO"). While a student or employee is free to disclose his or her complaint to instructors or other employees, and while instructors and other employees are encouraged to refer such disclosures to the AAO, a student or employee must not rely on disclosures to persons other than the AAO. If a student or employee discusses a complaint with any executive officer of the College, or with any person with supervisory or disciplinary authority over the alleged perpetrator(s) of the discrimination, that person must in turn report it to the AAO. The AAO will notify the president of each such complaint. The AAO may be contacted via phone, (207) 755-5396, or email, cmcchr@mainecc.edu. Every effort will be made to resolve a complaint of discrimination in as informal a manner as possible by talking with the person or persons alleged to have violated the policy of nondiscrimination.

The following complaint procedure must be used for complaints of discrimination:

1. Filing a Complaint

A person who believes he or she has been discriminated against must provide timely notice to the Officer; timely notice generally means within 20 calendar days of the alleged violation. The complainant must disclose the identity of alleged violator, and location, date(s) and description of the alleged discrimination.

2. Investigation

Within 10 calendar days, the Officer will meet with the complainant to discuss the complaint and will conduct an investigation into the facts of the matter and will determine whether or not unlawful discrimination occurred. Within 10 calendar days of completing the investigation the Officer will report findings to the complainant and the alleged perpetrator and to the appropriate disciplinary authority for action if a violation has occurred. If a disciplinary action is taken as a result of a grievance decision, that action will be taken utilizing procedures established by collective bargaining agreements or the Student Code of Conduct. The Officer may refer a misconduct report to other College personnel for review or to solicit assistance for the victim. At the discretion of the president of the College, the matter may be referred to Central Maine Community College General Counsel.

3. Appeals to College President

Within fifteen (15) calendar days after receiving the Officer's decision, any party to the complaint who is aggrieved by the decision may appeal to the College president or designee.

4. Decision of the College President

Within 15 calendar days of receipt of the appeal, the College president or designee will meet with the student to discuss the appeal. As soon as practical after the meeting, the College president or designee will issue in a format accessible to the student a final decision regarding the grievance.
